ARYAVART BANK

PART 2: INVITATION TO BID (ITB)

Introduction

The RFP document contains statements derived from information that is believed to be true and reliable at the date obtained but does not purport to provide all of the information that may be necessary or desirable to enable an intending contracting party to determine whether or not to enter into a contract or arrangement with Bank in relation to the provision of services. Neither Bank nor any of its directors, officers, employees, agents, representative, contractors, or advisers gives any representation or warranty (whether oral or written), express or implied as to the accuracy, updating or completeness of any writings, information or statement given or made in this RFP document. Neither Bank nor any of its directors, officers, employees, agents, representative, contractors, or advisers has carried out or will carry out an independent audit or verification or investigation or due diligence exercise in relation to the contents of any part of the RFP document.

The RFP document is intended solely for the information of the party to whom it is issued ("the Recipient" or "the Respondent")

The Bank intends to migrate the existing Aryavart Bank's website, along with Revamping/Redesigning, Hosting Website and Maintenance and for this purpose invites quotes as per the specifications as indicated in :Technical Specifications and Scope mentioned in the RFP document. These prices shall remain valid for all orders placed with the selected vendor for the entire contract period and duly accepted by the vendor. The interested bidders are requested to send your Technical and Price proposal as per the enclosed formats. The methodology for submission of the proposals is enumerated in Part 3 Instruction to the bidders. Terms and Conditions of Contract (TCC) are given in Part 4.

The Bidding Document may be obtained from the Bank as under or downloaded from Bank's Website <http://www.aryavart-rrb.com/tenders> and the bid should be submitted to the office of Aryavart Bank , Information Technology Department, Shalimar Titanium Building, Ground Floor, Lucknow

- ❖ For queries and clarification regarding the RFP, please feel free to contact us at the above-mentioned address or telephone number or e-mail id.
- ❖ Please note that all the information desired needs to be provided by the bidder along with the RFP document. Incomplete bids may lead to non-selection.
- ❖ Bank reserves the right to change the dates mentioned in the RFP, which will be separately communicated.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

PART 3: INSTRUCTIONS FOR THE BIDDERS (IFB)
TABLE OF CLAUSES

3.1 Introduction

Aryavart Bank, a Regional Rural Bank, was constituted on 1st April, 2019 after amalgamation of two Regional Rural Banks (RRBs) namely Gramin Bank of Aryavart and Allahabad UP Gramin Bank as per Government of India Gazette notification No. 338 dated 25-01-2019. Gramin Bank of Aryavart was sponsored by Bank of India while Allahabad UP Gramin Bank was sponsored by Allahabad Bank. The amalgamated entity Aryavart Bank functions under Regional Rural Banks Act 1976 having its Head Office at Lucknow under the sponsorship of Bank of India.

3.2 Scope of Work

Broad Scope

1. Bank intends to migrate the existing Aryavart Bank along with revamping/redesigning, hosting, and maintenance of the website for a period of 1 year (from the date of go-live), to give new look and feel to attract and service customers from all age-group, especially younger generation.
2. The bank at its discretion / reserves the right, to extend/ renew the contract on annual basis on same terms and conditions including commercials for additional 1 years.
3. It has to be noted that all pages, features, functionalities, modules etc. as made live and implemented in English Website in line with scope of work, technical specifications, and in total as per RFP; the same pages, features, functionalities, modules etc. including related translation and proof-reading to be replicated in website, without any additional cost to the bank during the entire contract period (warranty and ATS period). The translation cost to be borne by the bidder. No separate commercial will be payable by the bank.
4. The all-inclusive cost but not limited to all existing and all future Regulatory Charges, Government Levies, NPCI, Statutory Authority etc., Non-Regulatory Charges, any other Charges (existing or in future), Charges by Any / All Telecom operators, Bandwidth Charges, SEO Activities, Ongoing UI/UX related changes, Analytics and UI/UX Audits, SSL certificate (purchase/renewals), Certification Cost and its compliance, VA/ PT Cost and its compliance, SAST/DAST and its mitigation/ compliance, Changes/ Customization / Development as per non-regulatory, bank's requirements, Changes/ Customization / Development as per

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

Regulatory Requirements (RBI, DFS, IBA, NPCI, CERT-IN etc.), Changes/ Customization / Development EASE Requirements , to be quoted by the bidder during bid submission.

5.The solution shall include all components and subcomponents like software licenses, accessories and the bidder at no extra cost to the Bank should supply other components (required for commissioning of the solution as a part of RFP).

6.It has to be noted that bank is not bound to and will not pay any additional cost, apart from the quoted price in entire contract period (including in renewal contract period, if applicable).

Revamped/redesigned website should be in alignment with corporate theme using latest web technology to showcase bank's products & services to current and potential clients in attractive, user friendly and easily navigable manner and also comply with industry standards and guidelines of various regulatory bodies including Reserve Bank, NPCI, Ministry of Finance, etc.

The site should be developed based on a defined information architecture & latest/best practices for UI/UX. Uniformity should be maintained across all the webpages/website of the bank. Website should have improved look and feel and addition of new interactive modules.

7. The revamp/redesigned website is to be hosted on a dedicated server (DC-DR setup with high availability) and must have improved response time.
8. Proof of Concept (POC), showcasing the solution with all the required technical functionalities as mentioned in this RFP will have to be provided by the bidders at their own cost within 7 days of written request from Bank, which will be taken into account for technical evaluation and the final short-listing of the bidders through technical evaluation.

The vendors participating in the RFP process to have readiness of POC setup in vendor's location well in-advance, to demonstrate the proposed solution (along with all features as per scope) within 7 days of written request from Bank.

In case of non-demonstration of POC within 7 days of written request from Bank, bank at its discretion will consider accordingly under technical evaluation. No request for extension of POC timeline is permitted.

9. Bidder shall also be responsible for conducting/closing VAPT (Vulnerability Assessment & Penetration Testing) observations of Website.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

10. Bidder should also be responsible for creating separate development (DC/ DR Setup) and UAT environment setup for multiple users simulating near production functionalities. DC and DR setup to be in sync on real time basis.
11. At a minimum, the new website should effectively and efficiently manage the operations and security posture by repairing and responding to cyber risks/threats, facilitate business continuity and recovery from cyber-attacks / incidents.
12. In line to scope, the implementation shall be done by OEM / Bidder, the bidder shall do back to back tie-ups with OEM for the same.
13. The proposed solution shall be tightly integrated with all existing setup and new infrastructure /Assets/ applications of the Bank. The necessary integration by the way of API or any other manner to be performed by vendor without any additional cost. The required APIs/any other mode to be developed by the bidder, thereafter deployed and integrated with Bank's setup without any additional cost to the bank during the contract of 1 year.

In case of non-integration with bank's existing / new any application, the bank reserves the right to deduct the appropriate amount from the amount payable for required development.

14. The bidder shall provide complete services for the solution under the scope including installation, implementation, integration, management, maintenance, support, audit compliance and knowledge transfer.
15. The website should be scalable to fulfil the requirements in line with Bank specific requirement, in compliance of RBI/ other regulator (domestic and overseas) and its amendments (in present and in future), without any additional cost to the bank.
16. The bidder shall do all kind of customizations / development as required by the Bank during the period of contract without any extra cost to the Bank. There are regulatory guidelines time to time which should be implemented by the bidder within stipulated timelines. The bidder should factor the skilled resources for customization and development as per eligibility criteria. The bidder should upscale the resources as per prevailing technologies of time. The UAT environment shall be maintained and managed by the bidder.

The customization (Regulatory/ Non-Regulatory/ Bank's Request) shall be performed by bidder, but not limited to existing and new – functionality, online application forms, API

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

development and integration with bank's setup/ third party applications/ webpages, interfaces etc. in the deployed solution without any additional cost to the Bank during the contract period.

The changes/fine-tuning in the website deployed should to be performed to ensure proper functioning of interface applications without any additional cost to the Bank during the contract period.

All customizations and enhancements (banners/creative's, functionality, reports, interfaces etc.) developed will be Bank's Property and have Bank's IPR rights. Customization Development should be done in time bound manner.

17. The non-regulatory/ bank specific (required as per requirement by the bank), functionality / customization to be developed, integrated and implemented in UAT within maximum 15 days of written request and finalized scope by bank team. Thereafter, post sign-off of UAT from bank, the functionality to be implemented in production setup by following bank's internal process in a time bound manner.

In case of non-compliance, penalty as specified under Part 4 will be applicable.

18. The bidder shall ensure that during various phases of implementation, the performance, security, network availability, etc. of the existing bank's setup must not be compromised.
19. The bidder should ensure compliance with various standards such as ISO 27001:2013, PCI DSS, ISO 22301 or higher standards etc.
20. The bidder shall follow all respective technical/statutory guidelines, validations, SCD should be implemented, checked & verified, and related reports including SOP, SCD, Software Integrity Certificate and VAPT Clearance must be submitted, duly certified by OEM to the Bank for sign off the successful installation / go-live.
21. Post implementation and go-live of the website, the scope of bidder contains support for the following activities, but not limited to, from time to time, in relation to maintenance and upgrades/updates/patches :

- (a) Firmware/ IOS Upgrades / up to date patching,

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

- (b) System monitoring,
- (d) Troubleshooting & Performance Tuning,
- (e) Operating System Upgrades,

- (f) Upgrades of supplied software,
- (g) Advisories on software upgrades & vulnerabilities,
- (h) Support during DR Drills,
- (i) OS Administration & patching as per OEM guidelines
- (j) Compliance/Audit /Review as per Bank's requirement /Statuary guidelines
- (k) Any support required to make system & solution up and running as per SLA.

22. The list mentioned above is the indicative list; however, the successful bidder should provide end-to-end support and repair for any activities and resolution of any issues related to new deployment without any extra cost to the Bank.
23. The patches (critical / non-critical) as and when released by OEM / solution provider, for the proposed solution/ servers/OS / setup, to be tested first in UAT/ test environment, and thereafter deployed, installed and configured by bidder's team, as per Bank's requirement during the contract period without any additional cost to Bank.
24. The bidder has to provide a certificate on the OEM's letterhead for upgrade and uninterrupted maintenance support for a period of One(1) years.

Post deployment, the bidder has to carry out Cyber Security Audit through CERT-IN Empanelled Vendor without any additional cost to the bank and submit report to the Bank with compliance.

Subsequently on annual basis, the bidder has to carry out Cyber Security Audit through CERT-IN Empanelled Vendor without any additional cost to the bank and submit report to the Bank with compliance.

The Bank's Audit Department, and Other statutory authorities conduct review/ audit of the solutions time to time. All such Audit reports including VAPT Reports to be compiled/attended

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

by bidder/OEM within the timelines, during the entire period of contract also conduct periodic review audit of the database and application.

25.The bidder shall adhere to the Service Level Agreements (SLA) and regular monitoring and reporting it to the bank.

26.The solution should be scalable, designed and deployed accordingly.

27.The solution deployment should be compliant with Bank's CISP, IT and Cyber policies, internal guidelines, regulatory standards and countrywide regulations (including overseas regulations) and laws from time to time.

28.The proposed solution should be able to integrate with SIEM, Active Directory/ LDAP/ PIM, DAM, Security Solutions for user authentication or with any other solution/ tool as stated by the Bank in order to have control and visibility.

29.The selected bidder must generate and provide a complete holistic signoff report of entire scope and confirmation of implementation in line with scope and technical specifications, before handover to ensure 100% serviceability of delivered solution.

30.The bidder must provide detailed architecture of the provided solution/ every module along with installation / deployment and administration guide, which must include high-level design (HLD), and Low Level Design (LLD) along with Technical bid.

31.All installed OS / DB / App / Middleware / firmware/ other related software for website must be of stable version and all recommended patches should be installed by the bidder and same to be submitted to the bank on monthly basis and also be cleared through Bank's Information Security Team.

32.The bidder shall conduct preventive maintenance as may be necessary from time to time (minimum on quarterly basis) to ensure that equipment is in efficient running condition to ensure trouble free functioning.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

33.The bidder shall do the mandatory quarterly cutover of the solution to check its full-fledged running with alternate site, in line with Bank's policy. Moreover, un-planned cutover (if case of emergency/ issue in application) to be performed in the alternate site in time bound manner.

34.The bidder shall make DR to be made identical to DC and able to run with full load at any point in time. The bidder shall do quarterly DC and DR cutover for the solution running from DR and DC respectively and submit a report to the Bank.

35.The URLs of the management server/software of proposed solution should be accessible on HTTPS/TLS 1.3 or latest Protocol with valid certificate.

36.The bidder shall provide all-inclusive solution, as per specification and scope mentioned in the RFP including any other components required to make solution running as per SLA and required uptime. The supplied infrastructure shall be compatible with IPv6 and comply with all latest security protocols/ industry standards. The proposed solution shall be TLS 1.3 or higher ready.

37.The Proposed solution should be free from any kind of vulnerabilities and as and when vulnerabilities are notified by the bank, regulators, CERT-IN, Govt. of India or any other Govt / Non- Govt. agencies, it should be patched within prescribed time.

38.The bidder should keep the bank explicitly informed about the end of support dates of the related infrastructure and should ensure support during the warranty and AMC/ATS period.

39.The bidder shall do regular backup of the entire website as per the defined Bank's backup policy in offsite tape/storage in encrypted format. The bidder to provide the backup as per the requirement to the bank during contract period without any additional cost with related decryption.

On expiry of the contract, the bidder will share the complete solution/ site and data backup. Thereafter, post bank's confirmation, the bidder to deleted all records/ data and provide certificate of deletion of all records / data at their end.

OEM support should include in implementing controls for the risk advised by regulators, Govt. of India, other agencies, other organizations.

RFP for Revamping/Redesigning, Hosting and Maintenance of Aryavart Bank's Website	ARYAVART BANK
---	---------------

40.The Bidder shall be responsible for delivering the website and its support post implementation. The proposed website should be integrated with Banks existing and future setup/ applications/ APIs without any additional cost.

41.The bidder shall confirm the integrity of the website deployed i.e. the software is free from bugs, malware, covert channels in code etc. and Integrity certificate should be submitted to the bank as per the related format.

42.The selected bidder shall be responsible for health monitoring, maintenance and management of the Server, Database and related infra of the deployed application on a

continuous basis.Any required customization, to have better monitoring of the website to be performed by the bidder without any additional cost to the bank

43.Centralized Monitoring System – For centralized monitoring of performance, issue etc. of deployed solution, centralized monitoring system /tool/ dashboard is required.

44.Solution shall have centralized architecture with web or Graphical User Interface (GUI) based dashboard console to monitor, reporting, notification, maintaining the application. This should be a single console for service management, infra management and configuration management. The GUI of the deployed application to be error-free and without overlapping of fields, easy to navigate etc. features in line with industry standards.

45.Reports in HTML / CSV / Excel and other required formats to be able to generated from Website Dashboard. All reports should be configured to generate auto or scheduled responses and send via SMTP / any other mode on periodicity (set in day) / daily/monthly/yearly as per the bank requirement. Alerts (for issues/ changes / bank defined) to be configured to bank defined email-id's. Customization reports to be developed based on bank's request to have effective monitoring to be developed and deployed by the vendor without any additional cost to the bank.

46.The proposed solution should have its own security features.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

- 47.The successful bidder shall ensure Infra, Solution and Service management of operating system and other software/utility/application. This will include patching, mitigation of VA/PT points and any other risk, updates, etc. during contract period.
- 48.Any gap identified during audit, risk assessment, VAPT, SAST (Static Application Security Testing), DAST (Dynamic Application Security Testing) etc., vendor has to mitigate the same without any additional cost to the bank.
- 49.All audit points raised by the Software/Security/NPCI (National Payment Corporation of India) /SCA (Statutory Central Auditors)/Regulator Auditor should be complied by the selected bidder without any extra cost within the timeline specified by the bank. Bidder have to provide full Assistance/support required during audit of the entire project/solution and subsequent audit as per additional implementations, at no additional cost to the bank. The vendor has to perform all audits and its resolution but not limited to Application Security Audit, SAST, DAST by CERT-In empanelled auditors during initial implementation / go-live , and on every customization/ enhancement in functionality / version up-gradation during the contract period without any additional cost to the bank.
- 50.During warranty and ATS period, bidder needs to comply with security and system audit observation and remove the audit observation without any extra cost to Bank within the timeline specified by the bank.
- 51.The bidder must have an arrangement with the OEM such that the bidder/ Bank' SI/ Bank should be able to log a call with the OEM directly.
- 52.The bidder should have a 24x7x365 days support contact center in order to log the calls. The contact centre numbers should be provided to the Bank along with the escalation matrix mentioning the contact person's name, number and designation in the company.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

53.The overall Technical support, management of website with comprehensive maintenance shall be of 1 years.

54.The bidder shall prepare the SOPs (Standard Operating Procedures) with periodical review as per industry practices and regulatory guidelines. The drafted SOPs shall be submitted to the Bank for its review and Approval.

55.The bidders shall also provide the following documents (but not limited to following) as part of the deliverables of the project.

- i. Original manuals of proposed setup (all proposed hardware/ software/ applications etc.)
- ii. Standard Operating Procedures
- iii. Installation & Technical Configuration Documents
- iv. Network & Security Design Documents (Will be approved by the Bank)
Troubleshooting Manual
- v. Executive summary report for the project to the management
- vi. Functional and operational requirements
- vii. Project design/plan
- viii. Product description
- ix. Guidance for best practices, implementation guidelines
- x. User acceptance test plan, if any
- xi. Training materials
- xii. Monthly health check-up report by OEM.

56.The bidder shall implement all the functionalities proposed in the technical specifications & demonstrate the same to the Bank team for complete sign off the solution.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

If there are any upgrades to the source systems, then it will be Vendor's responsibility to ensure that appropriate integration is provided without affecting the normal course of business.

57.The bidder shall formulate/ supply/share all kinds of procedures/ documents upon any level or version changes, clarification, corrections and modifications in the abovementioned documents in a timely manner.

Detailed Scope of Work

1. Website is to promote and market products and services of the Bank; and to be developed in line with best industry standards and practices.
2. Successful Bidder will also provide a comprehensive User Acceptance Test (UAT) Plan along with Technical Proposal covering every possible failure/negative scenarios for all functionalities. During Acceptance Test, Bidder shall also demonstrate and provide required documentation for Business Continuity of service in every failure scenarios.
3. Bidder will also be responsible to provide necessary documentation such as Project Plan, SRS (Software Requirement Specifications), DSD (Design Specification Document), UAT (User Acceptance Testing), Test Plans, DRP (Data Recovery Plan) & BCP (Business Continuity Plan), Installation / Operational Manual, etc.
4. Website must be beta tested to bank's satisfaction before final go live.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

5. After award of the contract, successful Bidder has to appoint a Project Manager who will be the single point of contact for the Bank throughout the project cycle. Replacement of Project Manager should be provided to the Bank without any gap period.
6. Escalation Matrix to be provided by the successful bidder at the start of the project and should adhere to it during the contract period. Any change in escalation matrix structure or contact person should be informed to concerned Bank Officer immediately.
7. Migrate the existing pages including content and database after redesign and reformat.

Migration and Design

1. Website to have sections but not limited to static information, dynamic promotional content / banner, product information including demo (audio as well as video), online application form, survey / lead generation forms, geo-location enabled maps & locators, calculators, tender section, online contest, advanced/intelligent search options, download option for

RFP for Revamping/Redesigning,

Aryavart Bank's Website

ARYAVART BANK

forms/brochures, request for additional information/enquiry, offline/online support, photo/video gallery, link for internet banking, other websites/micro sites etc. apart from standard / mandatory sections of a financial website.

The selected vendor is required to develop the required functionality (as and when required based on requirement) during the entire contract period as per the requirement on the website, without any additional cost to the bank.

The features/functionality in current website of the bank needs to be incorporated/used and improved upon.

2.The design and development at all stages to adhere to Bank's branding guidelines with regards to font, color, text size etc.

3.Migrate existing pages not limited to content, database and others after redesign and reformat as per requirement. All internal webpages must be well connected using proper navigation controls and an appropriate site-map should be available with information/routing to all pages, which should be duly updated by bidder every now and then as per the site expands. The site-map to be submitted within 10 days of go live; also to be reviewed and submitted on quarterly basis to the bank. Non-submission of site-map will lead to penalty as applicable.

4.All existing dynamic modules should be migrated along with their admin module and reporting features.

5. Website should be optimized in Windows OS for desktops, laptops, tablets, mobiles etc.(Android & iOS) device agnostic (responsive design for desktops, laptops, tablets, mobiles etc) of and all browsers (Chrome, Firefox, Edge, IE etc), and fit-to- handset / tablet size.

6. Personalization of website for regular visitors/users should be included as an important module and customer journey needs to be defined for the same. Website should have capability to capture dynamic data of visitors at various levels (the number of times a visitor

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

visits homepage/web pages, how much time is spent on each webpage, at what time in day it visits the website, from which device, location and any such information related to the visitor). All such information related to visitor access to the website to be available on Centralized Dashboard on real-time basis.

7.Exact visitor's count to be displayed on the home page of the website.

8.Website should act dynamically i.e. displaying the content, email sending, image adaptiveness, SMS sending, etc. wherever required.

9.End-to-End design, development, translation (wherever applicable) of Innovative and attractive banners/creative, webpage to be performed by the bidder as per requirement of the Bank from time to time during the contract, for website content, without any cost to the Bank. Such banners/creative should be copyright protected. The website should be copyright protected.

UI / UX(User interface/ User Experience)

1. Ease of usability of the site by the visitors to achieve the objective of user satisfaction/delight. Successful Bidder will have to provide the Bank with different layout options for homepage and internal pages (minimum 3 options to be provided).

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

2. The options provided must be clearly distinct from each other and should not be a modified version of other options provided. Bidder should come up with unique, out of the box options distinct from existing website layouts in the market/competition.
3. Rationale / logic / approach from information architecture / UI/UX perspective to be submitted along with designs. Bank will decide which option to take forward along with necessary modifications, if required any. If no option provided is found good by the bank, then the bidder will have to come up with different set of options. Bank will give a go ahead on layouts and other UI/UX features only on its complete satisfaction. Number of iterations for modifications can be unlimited until Bank's complete satisfaction and confirmation. If Bank doesn't like the design/layout/template and other UI/UX features provided by bidder, then Bank, at its sole discretion, will provide the design/layout/template to the vendor and vendor will have to incorporate these and implement it in the website without any objection.
4. Responsive & Retina Ready: Site should be fully responsive and ready for retina displays. Customers should get best user experience of website looks on tablets and mobile devices adapting to the screen size layout.
5. Navigation to be simple, easy and intuitive. Customer journey should be defined for every targeted segment.
6. Site map should be prepared and made available by the bidder.
7. Design should be such that pages are not cluttered. Intuitive design, i.e. customer need not to work hard to find where they need to go. It should have Quick Search option; drop down on home page to enable the visitors to directly navigate the page they choose.
8. Modern, trendy with easy to navigate with advanced features to support text, image, audio, video, and combination (multi media) posting.
9. Website should also be optimized to work in low bandwidth places / devices.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

10. Home page and other pages of website should have high response time for visitors. Bidder to propose hardware sizing for desired application performance. Loading time / Response Time of the website as well as webpages should be less than 1 second.
11. Design of templates, customer journey, should allow pages for Bank's Online Account Opening Module which will be integrated with the website.
12. Dynamic display of content/banners feature should be made available by the successful bidder. The content/banner to be displayed on the interest/website journey/usage pattern of the users.
13. Text should not spam across the screen width which makes it difficult user to read copy.
14. Short durations videos may be used on the site however heavy size videos should be loaded from YouTube/Video

Security

1. Provide secured access to organization information/services and facilitate customer to interact with organization to submit request, view application and track the status.
2. The Bidder shall be responsible for ensuring Bank's and its customer's sensitive PII & Bank data's security and brand reputation on cloud platform.
3. To achieve the same the bidder shall have adequate monitoring capabilities using advanced security tools like security incident & event monitoring (SIEM) which has integration with all servers and other storage and network devices carrying bank related data. All security related alerts to be monitored in line with Bank policy requirements.
4. The Aryavart Bank website setup should have protection using Web Application Firewall (WAF) for application layer attacks. Also Anti-DDoS protection should be factored for both volumetric and application layer attacks.
5. The Bank's and its customer's sensitive PII & Bank's data stored in databases should be encrypted with keys stored in HSM secure custody inline to the bank's satisfaction.

Page 26 of 105

RFP for Revamping/Redesigning, Hosting and Maintenance of Aryavart Bank's Website	ARYAVART BANK
---	---------------

6. SSL certificate(s) will be procured/renewed and configured by the successful bidder on website without any cost to the bank.
7. Security Controls for the bank website would be in conformity with legal and regulatory standards/ CERT-In guidelines, IT Act 2008 / 2013 (as amended from time to time), RBI and IBA guidelines. Also for foreign websites, their respective regulators compliance requirements to be fulfilled. Audit certificate from CERT-IN empaneled third party auditor should be submitted by the Bidder covering all above mentioned requirements.
8. The Successful bidder shall ensure bank website would be in conformity with Bank's Information Technology Policy. This policy would be addressing bank's risk profile and legal and regulatory requirements. Bank's relevant Information Security policy will be shared with the selected bidder.
9. Bidder shall comply with secure coding practice such as OWASP (Open Web Application Security Project Guidelines) Top 10 like SQL Injection, Cross Site Scripting (CSS) etc. on an ongoing basis and share with a bank a quarterly compliance report from trusted third party testing website and necessary security features to be built for securing the site from hacking.
10. Bidder has to monitor the web site application 24x7x365 from security threats and ensure its uninterrupted functioning. Necessary Alerts also need to be configured for bank's specified email-id.
11. Any unwanted security threat or hacking attempt should be taken on high priority and dealt with immediate effect. Root cause analysis (RCA) should be provided to the bank within 3 working days with all artefacts/evidences required by the bank.
12. Lock HTML source code to protect web pages from unauthorized copy.
13. Any security breach identified must be informed to Bank immediately and attended instantly to protect interest of the bank and its customer. Selected vendor would be responsible for providing fix to the problem in consultation with bank's security team. Any such incidence

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

should be followed by Root Cause Analysis (RCA) within 3 working days with all artefacts/evidences required by the bank and audit of the system.

14. Successful Bidder to arrange for comprehensive security audit of the site before launch. The audit to also include monitoring setup, its capabilities and preparedness to observe and correct any challenge noticed from inside or outside. The company will also have to get similar audit once in every year and submit the report to bank. The bank will also arrange for an internal/external audit to the entire setup and processes as and when desired. The bidder to extend all possible support to the audit team to examine and update the system to mitigate the observed risk.

15. Vulnerability Assessment Penetration Testing (VAPT) should be done at least once a year and additionally based on security threat. Additionally, Bidder to mitigate any vulnerability points raised by Bank from time to time. In case of any major change VAPT need to be carried out by the bidder.

16. Bank has the right to conduct Audit at the Bidder's site. Any open point needs to be closed/complied by the Bidder within the specified Time frame

17. Security Audit by Internal as well as External Auditors after UAT is to be carried out by the vendor at its own expenses. Vendor should also allow regular security audit of the system by bank or its authorized agency as per their requirements and the company to ensure rectification of the audit observations as part of maintenance. Any audit/security enhancement proposed by the Government or Law enforcing agency should be carried out by the vendor at no cost to the bank.

18. Add plugins / modules to monitor uptime and check on bot attacks. Alerts and response should work in real time to ensure 100% uptime

19. The bidder to ensure to take periodical backup of the site including forms, data etc.

20. Build fail safe server mechanism to create replica of live and run this instance in case the live site goes down

21. Any webpage collecting visitor's personal information or login credentials should be protected through secure communication such as TLS and the same should be stored in encrypted format in database in the form and format acceptable to the Bank.

22. The Security Controls should also confirm to bank's security policies. The bidder should follow a standard process to ensure that proposed solution meets functional, security performance and regulatory requirements of the bank

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

23.The new website should be guarded against all vulnerabilities, including but not limited to OWASP top 10 attacks and necessary security features to be built for securing the site from hacking.

24.Use of CAPTCHA should be feasible and the same should be implemented for all forms as required by the Bank.

25.Facility for secure-remote access shall be provided along with an appropriate Content Management Tool for designated officials of the Bank, including Webmaster to access /manage the content. There should be 2FA implementation for accessing data/servers by the Bidder and Bank Officials if needed.

As the Bank website has to function under the regulations/ recommendations of regulatory authorities such as – CERT-In, & RBI, etc. the Successful Bidder will address all issues/ security related threats/ vulnerabilities notified to the Bank by these institutions and fix/ resolve them to the satisfaction of these institutions/ Bank, without any additional cost.

Audit trail for logon-logoff and any modification should be available for at least 3 months. Old audit data to be preserved during entire contract period for future reference.

26.Post deployment of website including all components including OS, VA & PT (Vulnerability Assessment & Penetration Testing) shall be conducted before initial launch and subsequent contract period wherever applicable.

27.All findings/issues pointed out in the report to be complied/fixed before production of the software (All components i.e. Database, application).

28.All such Audit reports including VAPT Reports to be compiled/attended by bidder/OEM within the timelines, during the entire period of contract also conduct periodic review audit of the database and application.

29.The solutions should be scalable, designed and deployed throughout the IT infrastructure of the Bank and its subsidiaries.

30.The proposed solution shall have the ability to freely change forms, fields, workflows, escalations and authorization structures and reports according to bank requirements/processes without affecting the future tool updates and integration with other /third party Solutions

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

31.All the industry standard protocols for functioning, detection of risks, mitigation should be supported and complied by the respective solution.

32.Remote access capabilities on its management interface should be supported by the software via HTTPS or SSH access and in case of File Transfer it should be SFTP.

33.Role based administration like Administrator, Database Reader and Read-only access users shall be mandatorily supported in the solution.

34.Solution should provide reports in CSV / Excel/ PDF and other required formats for uptime, performance etc as required by the Bank. All reports should be configured to generate auto or scheduled responses and send via SMTP on daily/monthly/yearly as per the bank requirement.

In case any of the infrastructure used in proposed website is declared end of life/end of support during the contract period, the bidder shall do up gradation or replacement and implementation of the infrastructure without any cost to the bank.

35.During the period of the contract, all upgrades or requirements software, licensing, implementation of upgrades/patches/version changes, etc., due to whatsoever reason including but not limited to EOL or EOS, would be done by the bidder without any additional cost to the bank. EOS/EOL solution will not be accepted and if any solution is declared EOS/EOL during the period of contract, the bidder shall do the necessary upgrade as stated above, to ensure uninterrupted functioning of website.

36.If during the contract period, if any functionality/ form etc. is not performing as per specifications in this RFP, the bidder shall do the necessary enhancements without any extra cost to the bank till the required performance is achieved.

Documentation:

The bidder should provide the complete documentation including technical, operations, user manual, design documents, process documents, technical manuals, functional

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

specification, system configuration documents, system/database administrative documents, debugging/ diagnostics documents, test procedures etc.

Equipment /Hardware/Software:

1. The successful bidder should provide all the necessary equipment, system software, Database and other software for successfully hosting of the website.
2. The hosting of the server will have to be done by successful bidder in India.
3. The successful bidder should be able to trouble-shoot any unforeseen problems related to equipment /hardware/software with the website at a short notice.
4. Hosting infrastructure should be ISO 27001 and 22301 certified and should follow all the ISO process. Audit/risk assessment would also cover compliance to the standard, bank's relevant policies. The websites shall be assessed for vulnerabilities from INTERNAL IPs to ensure that server is also secure from insider threats. The result of Internal VA/PT shall be submitted to the Bank after the test every quarter.
5. Protection services for website against DDOS attack for detection and mitigation.
6. A complete Bill of Material for the required for the successful hosting of the website should also be provided by the bidder, with full particulars like make, model, part numbers, etc with future expandability ,Patching of the Hardware/software without any additional cost to the Bank.

Bidder to ensure that all the Hardware, software, Database are having proper technical support from the OEM and are not end of support/end of life

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

Scalability

1. This is one of the important parameters of this project to have powerful admin panel to allow users to customize theme in an easy and simple way. There should not be any need of coding anything because of the options that are included in the solution to be provided. (Bidder to study existing website, requirements of RFP for work estimates)
2. It should have the option and scalability of integration with Bank's back end systems like RSS feeds, E-banking, e-Platform, Document Management System (DMS), SFTP, Call Centre, Bank's email, SMS Systems, CIBIL , CMS, Government portals like Income tax, UIDAI, NSDL etc. either real time or as required by Bank.
3. Integration with third party application like tax planner, online IT filing, EMI/Loan calculator etc. and selected external sites of banks, other financial institutions, income tax, loan modules, offer modules of Rupay and NPCI etc. for smooth access from Bank's website.
4. Scalability and Resilience Review to be conducted and the observations (if any) to be complied with.

Website Maintenance

Operational activities

1. Successful bidder to provide support 24*7*365 on all Banking days and weekends/holidays if required. It is the responsibility of the successful bidder to ensure availability of the resource, in case he/she is on leave, the successful bidder shall arrange for alternate resource.

The resource(s) must be well trained to handle all operational activities of all sites.

2. Quarterly DR drill should be done as per requirement of the Bank, and report should be shared in the format of the Bank.

RFP for Revamping/Redesigning, Hosting and Maintenance of Aryavart Bank's Website	ARYAVART BANK
---	---------------

3. VA/PT points, as scanned and reported by the bank from time to time, should be mitigated within 10 working days by the successful bidder, failing which penalty will be invoked.
User access review, application inventory report, BCP reports, audit related information, etc shall have to be provided by the successful bidder as and when sought by the bank.
4. Selected bidder is required to prepare a schedule for maintenance activity and carry them out regularly. Maintenance activity to be carried out at midnight to avoid visitor inconvenience.
5. Bidder will also be responsible to design product management process / operation Manual as per best practices.
6. Bidder shall provide post implementation technical support including any new feature, template or device integration e.g. tab / mobile.
7. Bidder shall also undertake to carry out implementation / operationalization including move, add, and delete changes / customization of such software updates, releases, version upgrades. Bidder should update and maintain all supplied solutions to correctly reflect actual state of the setup at any point in time during the contract period.
8. The bidder shall do all kind of customizations / development as required by the Bank during the period of contract without any extra cost to the Bank. There are regulatory guidelines time to time which should be implemented by the bidder within stipulated timelines.

The bidder should factor the dedicated skilled resources for customization and development as per eligibility criteria. The bidder should upscale the resources as per prevailing technologies of time. The UAT environment shall be maintained and managed by the bidder.

The dedicated skilled resource at vendor's site for Bank has to be ensured , so that all required customizations/ development will be performed in the time bound manner.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

9. The customization (Regulatory/ Non-Regulatory/ Bank's Request) shall be performed by bidder, but not limited to existing and new – functionality, reports, interfaces etc. in the deployed solution without any additional cost to the Bank during the contract period.

a. The changes/fine-tuning in solution deployed should to be performed to ensure proper functioning of interface applications without any additional cost to the Bank during the contract period.

b. All customizations and enhancements (functionality, reports, interfaces etc.) developed will be Bank's Property and have Bank's IPR rights.

c. Customization Development should be done in time bound manner.

10. The non-regulatory/ bank specific (required as per requirement by the bank) functionality / customization to be developed, integrated and implemented in UAT within maximum 15 days of written request and finalized scope by bank team.

The regulatory functionality (not limited to Regulators, GOI, DFS, RBI, NPCI etc.) to be developed, integrated and implemented in production within maximum 7 days (or maximum as per the timeline specified by regulator/ others) of written request and finalized scope by bank team.

Thereafter, post sign-off of UAT from bank, the functionality to be implemented in production in a time bound manner.

Non- compliance of timeline will lead to penalty as per SLA/ Penalty terms for both non-regulatory / regulatory requirements.

11. Successful bidder to manage and maintain the site during the contract period or frequency as decided by Bank including updating.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

12. Applications and software should be up to date with the latest service pack and patches to protect against attacks.
13. The discrepancies found during audit should be complied with in 10 days. Implement the regulatory requirement as per need.
14. The bidder will have to trouble-shoot any problems with the website at a short notice.
15. The bidder shall be responsible to share SLA adherence and traffic reports with Bank.
16. The bidder shall provide the escalation matrix in respect of calls that need to be attended for installation/support and maintenance.
17. Bidder should provide customized reports, SLA's regarding health and maintenance of the site, industry standards including following information at no extra cost. But not limited to availability of the Web Site – geographical region wise, response time of the website.
- Provide the support for newly developed application within the life cycle. Bidder will have to appoint a dedicated team at their premises for maintenance of website throughout the contract period. Any change in the team should be informed to the bank immediately. There shall no sharing of these resources with any other project / organization is allowed; if found, the bank reserve the right to terminate the contract by giving 30 days' notice.
- Some dynamic pages may require more frequent editing/ modifications/ updation etc. Such pages should be identified accordingly and a monthly review will be done for them at the end of every month throughout the contract period. Any changes, modifications, updation, up-gradation will be carried out accordingly by the bidder.
18. Provision of scheduling tasks/updates (with a provision to set the start date/time and end date/time of display of such content) should be available for all content updations on the website under CMS.
19. The maximum response time for a maintenance complaint (i.e. time required to response after a request call / fax /e-mail is made or written) shall not exceed 15 minutes. The response time is of 15 minutes and resolution time of 2 hours to be complied for all issues.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

20. Bank at its sole discretion can terminate the ATS contract(If awarded by bank) in whole or as part thereof with the Vendor and discontinue the same without citing any reason by giving 90 days' notice and applicable amount, on a pro-rata basis, for the service rendered shall be payable.
21. The Vendor shall handover the solution in 100% working condition on termination or at the end of the contract. Any breakdown call that has been reported before termination of the contract shall have to be corrected by the Vendor before handing over to Bank.
22. Bidder shall take steps to prevent unauthorized access to data and contain malicious activities directed at the Bank's website/dedicated server hosting of Bank's website through Internet or otherwise.
23. Whenever any new threats/vulnerabilities become public, the bidder will take appropriate steps to protect the interests of the Bank so far as it relates to the services covered under this agreement and shall also bring this to the notice of Bank immediately and, wherever required, help/guide Bank in plugging the same.
24. Once the call is received by the bidder, it will put its maximum efforts and deploy its best resources to resolve all calls at the earliest possible time frame.
25. The bidder shall be responsible for any act of its employees that may result in security breach of Bank Website.
26. As the Bank's website has to function under the regulations/ recommendations of regulatory authorities such as – Cert-In, GOI, RBI, etc. the service provider will address all issues/ security related threats / vulnerabilities notified to the Bank by these institutions and fix/ resolve them to the satisfaction of these institutions / Bank.
27. Selected Bidder has to provide technical support under the current scope of AMC for new module developed by them during the entire life cycle of contract.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

28.The Vendor Infrastructure used for hosting Bank's setup shall be certified with ISO27001 certification on an ongoing basis. The relevant evidences shall be shared with the bank yearly.

29.The bidder should comply Data Localization guidelines as issued by GOI, RBI and other authorities.

30.As per vendor risk management program of the Bank, relevant compliance evidences shall be shared by the vendor with Bank for processes like Patching, VA/PT, User access review, application security testing, SCD , DR Drill & fail over testing, CSITE advisory compliances, Awareness trainings etc

Hosting & Bandwidth Requirements:

1. The bidder should propose adequate software, hardware and bandwidth to support the concurrency of minimum of 5,000 concurrent users during the peak times and scalable automatically to cater requirement of additional concurrent users. Minimum 10% YoY increase in concurrent users to be considered.
2. The Vendor must have sufficient Bandwidth to provide throughput and data transfer. The vendor to ensure adequate arrangement to cater any future growth of hits on the vendor without any additional cost to the bank, by ensuring no impact on performance of the website.
3. Optimum bandwidth should be allocated to the servers to cater the need of minimum load time of the website and webpages.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

4. The application and hardware should be scalable with respect to increase in load, without any additional cost to the bank.
5. The customization/development/enhancement as the regulatory requirements from RBI/EASE/GOI or any statutory authorities, any other guidelines related to website functionalities should be implemented on website set-up without any additional cost to the bank for entire contract period.
6. Provision to download reports (any date range) in excel format. The reports to be available for downloading the details pertaining to any period of the contract. Data should be retained as per the retention policy of the bank in the portal.

Admin Portal Requirements

1. Utilization Monitoring

- ☐ Provide automatic monitoring of resource utilization and other events such as failure of service, degraded service, etc. via service dashboard or other electronic means.
- ☐ Real time performance thresholds
- ☐ Real time performance health checks
- ☐ Real time performance monitoring Et Alerts
- ☐ Historical Performance Monitoring

RFP for Revamping/Redesigning,

ARYAVART BANK

3.5 Cost of Bidding

3.5.1 All costs and expenses (whether in terms of time or money) incurred by the Recipient / Respondent in any way associated with the development, preparation and submission of responses, including but not limited to attendance at meetings, discussions, demonstrations, etc. and providing any additional information required by the Bank, will be borne entirely and exclusively by the Recipient / Respondent.

3.5.2 The Bank will in no case be responsible or liable for any of such costs, regardless of the conduct or outcome of the Bidding process.

B. The Bidding Documents

3.6 Content of Bidding Documents

3.6.1 The products required, Bidding procedures, and contract terms are prescribed in the Bidding Documents. The Bidding Documents include:

- (a) PART 1 - Disclaimer
- (b) PART 2 - Invitation to Bid (ITB)
- (c) PART 3 - Instruction for The bidders (IFB)
- (d) PART 4 - Terms and Conditions of Contract (TCC)
- (e) PART 5 - Technical Specifications (TS)
- (f) PART 6 - Bid Forms, Price Schedules and other formats (BF)
- (g) PART 7 - Other Terms and Conditions (OTC)

3.6.2 The bidder shall ensure to examine all instructions, forms, terms and specifications in the Bidding Document. Failure to furnish all information required by the Bidding Document or to submit a Bid not substantially responsive to the Bidding Document in every respect will be at the bidder's risk and may result in the rejection of the Bid.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

3.7 Clarification of Bidding Documents

3.7.1 The bidder requiring any clarification of the Bidding Document may notify the Bank in writing at the address or by e-mail indicated in Invitation to Bid on or before **22.07.2022 up to 11:00 A.M** hours as per requisite format for submission of pre-bid queries.

3.7.2 A pre-bid meeting is scheduled on **22.07.2022 at 2:00 P.M.** Relaxation in any of the terms contained in the Bid, in general, will not be permitted, but if granted, the same will be put up on the Bank's Website.

3.8 Amendment of Bidding Documents

3.8.1 At any time prior to the deadline for submission of Bids, the Bank, for any reason, whether, at its own initiative or in response to a clarification requested by a prospective bidder, may modify the Bidding Document, by amendment.

3.8.2 Notification of amendments will be published on the Bank's Website and will be binding on all the bidders.

3.8.3 In order to allow prospective bidders reasonable time in which to consider the amendment in preparing their Bids, the Bank, at its discretion, may extend the deadline for a reasonable period as decided by the Bank for the submission of Bids.

C. PREPARATION OF BID

3.9 Language of Bid

The Bid prepared by the bidder, as well as all correspondence, documents relating to the Bid exchanged by the bidder and the Bank, supporting documents, and printed literature shall be written in English.

RFP for Revamping/Redesigning,

Aryavart Bank's Website

ARYAVART BANK

3.14. Bid Currencies

Bids are to be quoted in Indian Rupees (INR) only.

3.15. Period of Validity of Bids

Bids shall remain valid for a minimum period of 180 days, from the date of opening of the Bid. A Bid valid for a shorter period shall be rejected by the Bank as nonresponsive.

In exceptional circumstances, the Bank may solicit the bidders' consent to an extension of the period of validity. The request and the responses thereto, shall be made in writing.

D. Submission of Bids

3.16. Sealing and Marking of Bids

The bidders shall seal the envelopes containing "Technical Bid" and "Price Bid" separately and the two envelopes shall be enclosed and sealed in an outer envelope.

The inner and outer envelopes shall:

- be addressed to the Bank at the address given; and
- Bear the Project Name " RFP for Revamping/Redesigning, Hosting and Maintenance of Aryavart Bank's Website RFP Ref ARYAVART:HO/IT/PVS/2022-23/450 dated 12.07.2022" and a statement: "DO NOT OPEN BEFORE bid opening date (mention respective bid opening dates)".
- All envelopes should indicate on the cover the name and address of the bidder.

If the outer envelope is not sealed and marked, the Bank will assume no responsibility for the Bid's misplacement or premature opening.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

3.17. Deadline for Submission of Bids

Bids must be received by the Bank at the address specified, no later than the date and time specified in the Invitation to Bid.

The Bank may, at its discretion, extend this deadline for the submission of Bids by amending the Bid Documents, in which case, all rights and obligations of the Bank and the bidders, previously subject to the deadline, will thereafter be subject to the deadline as extended.

3.18. Late Bids

Any bid received by the Bank after the deadline for submission of Bids, will be rejected and returned unopened to the bidder.

3.19. Technical Bid Evaluation

Technical bids of only those Bidders who qualify in the eligibility criteria will be evaluated thereafter. Bidders found ineligible will be disqualified and won't be allowed to participate in technical evaluation.

During evaluation of the Bids, the Bank, at its discretion, may ask the Bidder for clarification in respect of its bid. The request for clarification and the response shall be in writing, and no change in the substance of the bid shall be sought, offered or permitted.

Bank reserves the right to accept or reject any tender in whole or in parts without assigning any reason thereof. The decision of the Bank shall be final and binding on all the Bidders to this document and bank will not entertain any correspondence in this regard.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

3.20 Opening of Price Bids

Each Recipient acknowledges and accepts that the Bank may, in its sole and absolute discretion, apply whatever criteria it deems appropriate in the selection of the bidder, not limited to those selection criteria set out in this RFP document. The issuance of RFP document is merely an invitation to offer and must not be construed as any agreement, contract, or arrangement nor would it be construed as any investigation or review carried out by a Recipient. The Recipient unconditionally acknowledges by submitting its response to this RFP document that it has not relied on any idea, information, statement, representation, or warranty given in this RFP document.

Only those bidders whose bids are found to be technically responsive will be informed of the date / time / venue of opening of price bids. The Technical Bids will be evaluated as per eligibility criteria. Thereafter the Bank reserves the right of selection of vendor by opening of Commercial Bids (who are found eligible after evaluation of Technical Bids).

After opening of price bids and declaring the prices, the Bank will evaluate and compare the Price Bids. Alternatively, the Bank may shortlist the vendors, who were found eligible after evaluation of Technical Bids, for opening the price bids.

Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If the Successful bidder does not accept the correction of the errors, its Bid will be rejected, and its Bid security may be forfeited. If there is a discrepancy between words and figures, the amount in words will prevail.

The Bank's evaluation of Indicative Price Bid will take into account, in addition to the Bid price quoted, one or more of the following factors:

- a) Deviations in payment schedule & Delivery Schedule from that specified;
- b) Deviation in prices quoted;
- c) Other specific criteria indicated in the Bid and/or in the Technical Specifications & Price schedule.

The TCC Clause 4.5 stipulates the payment schedule offered by the Bank.

ARYAVART BANK

4.2 Training

Bidder has to provide training as per the requirement at a central location in Lucknow in our premises. Venue for the training will be provided by bank.

The cost of travelling/stay for trainers to be borne by bidder. Training to include analytical tools implemented in the site(s) (if any) and all the features / functionalities implemented.

4.3 Payment

Payment shall be made in Indian Rupees after delivering, installing and commissioning the Solution. No advance payment will be done by the Bank.

The maintenance cost shall be paid half yearly in arrears, subject to satisfactory services rendered, till that date.(If ATS/AMC contract awarded by Bank post 1 year warranty)

4.4 SLA, Uptime & Liquidation Damages

SLA, Uptime and Penalty

The successful bidder is bound and to comply the Service Levels as described below-

1.The successful bidder shall have to enter into "Service Levels Agreement" having all terms and conditions of this RFP to maintain uptime and provide the service support and onsite support during the entire contract period.

2.Both the bidder and OEM (IF ANY) will be totally responsible for the End to end Migration, Revamping/ Redesigning, Development, Migration, Implementation, Maintenance and fault free operations of website during the warranty period.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

- 3.Any technical glitch/ issue in installed infrastructure of the website (i.e. hardware and software, OS/DB etc.) should be attended on priority and should be covered under warranty.
- 4.Both the mentioned Penalty and Liquidated Damages are independent of each other and can be levied separately and concurrently.
- 5.All the penalties, charges, liquidated damages or fine imposed on the bidder by the bank for non-compliance of terms & conditions of this document are independent of each other and can be levied separately and concurrently.
- 6.The Service Level Penalties and Liquidated Damages both are separate penalties and the maximum cap of 10% on contract value, in each case, will also be separately applicable.
- 7.The Penalty and Liquidated Damages are not applicable in case the delay is for reasons attributable to the Bank and Force Majeure. However, it is the responsibility of the Bidder to prove that the delay is attributed to Bank and Force Majeure. The decision taken by Bank in this regard shall be final and Bidder shall not dispute the same.
- 8.If the Bidder fails to perform its obligation as per this RFP or subsequent Agreement then Bank reserves the right to get the balance work executed by another Bidder as per choice of Bank and Bidder shall be liable to bear the expenditure which Bank may incur for the execution of balance work and its completion.
- 9.The bidder has to maintain a guaranteed minimum uptime of 99.95% for all functionalities of website under this RFP to avoid any disruption due to breakdown of system or degraded performance or unavailability of website. The calculation of uptime will be on a monthly basis.
10. The issue/ break down message may be communicated by the Bank team by way over phone / email/ call logging.
- 11..For penalty calculation, the total time elapsed between the intimation of break down message from Bank side to the vendor and receipt of rectification message from the bidder to Bank side will be considered.
- 12.During the warranty period, the penalty (if applicable) will be deducted in one time implementation cost payment or Facility Management Cost as per applicable penalty clauses.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

13. In case, Bank is unable to adjust penalty in above payment, the Bank at its discretion may invoke the Performance Bank Guarantee (PBG) to deduct the penalty amount.

14. Post warranty period, the penalty will be deducted in half-yearly FMS/ ATS payment (only if ATS/AMC contract is awarded after expiry of warranty period). In case, the Bank is unable to adjust penalty in FMS/ATS payment, the Bank at its discretion may invoke the Performance Bank Guarantee (PBG) to deduct the penalty amount.

15. If the support services is not provided on 24*7*365 basis and/or satisfactory services are not provided, the Bank with its discretion may reject the proposal / terminate the contract, without assigning any reason, after deduction of maximum penalty.

16. The bidder is required to mandatorily conduct quarterly preventive and breakdown maintenance activities to ensure (without any impact on day to day operations) to maintain uptime of 99.95% uptime on monthly basis covering 24*7*365 days.

17. Apart from maintaining uptime of 99.95%, for any breakdown / malfunctioning of website and any of the components or accessories or any system software issue etc., the resolution time is mentioned below:-

Uptime% = $\frac{((\text{Number of hours in month} - \text{Number of hours impacted in month}) * 100)}{\text{Total Number of hours in month}}$

Total Number of hours in month

Downtime Penalty to be calculated at hourly rate of Rs 500 Per hour which will be doubled after continuous outage of 3 hours. The amount will be deducted from monthly contract value.

18. For calculation of uptime (penalty), planned/ scheduled down time will be exempted. Bank will pay the bidder after deducting the calculated penalty from the payable amount.

RFP for Revamping/Redesigning,

ARYAVART BANK

19.If any critical component of the entire configuration setup is out of service, then the bidder & OEM (IF ANY) shall either immediately replace the defective unit (with new one) or replace it at its own cost or provide a standby, on immediate basis, not more than 2 hours, The bidder should maintain proper inventory of standby components/ setup for early resolution of issues.

20.If the bidder, having been notified, fails to remedy the defect(s) within the 2 hours' time duration from the incident, the Bank may proceed to take such remedial action as may be necessary, at the Service Provider's risk and expense and without prejudice to any other rights, which the Bank may have against the Service Provider under the Contract.

21.The bidder should comply with the security and audit standards of the Bank and various regulatory guidelines. For this, the bidder should apply new patches related to OS/ firmware & BIOS updates etc, without any additional cost to the bank, during the contract period.

22.The customization (Regulatory/ Non-Regulatory/ Bank's Request) shall be performed by bidder, but not limited to existing and new – pages, features, functionalities, modules, interfaces etc. in the deployed website without any additional cost to the Bank during the contract period.

23.For all issues related to installed infrastructure, RCA (Root Cause Analysis) to be provided by the Service Provider/OEM (IF ANY) within 3 working days. The delay in submission will lead to penalty @ Rs. 500/day.

24.Penalty on delay for customizations/ ongoing UI-UX related changes / ongoing development :

The non-regulatory/ bank specific (required as per requirement by the bank) (Domestic and Overseas), functionality / customization to be developed, integrated and implemented in UAT within maximum 15 days of written request and finalized scope by bank team. The timelines as per field count to be complied with.

The regulatory functionality (not limited to Regulators, GOI, DFS, RBI, NPCI etc.) (Domestic and Overseas) to be developed, integrated and implemented in production

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

within maximum 7 days (or maximum as per the timeline specified by regulator/ others) of written request and finalized scope by bank team.

Thereafter, post sign-off of UAT from bank, the functionality to be implemented in production in a time bound manner.

Non- compliance of timeline will lead to penalty as per SLA/ Penalty terms for both non-regulatory / regulatory requirements as under -

Penalty of Rs. 200/- per day per vulnerability for delay in mitigation/ fixing vulnerabilities.

Delay in development/migration of website within specified timeline of 90 days will result is penalty to be calculated on daily basis at rate of Rs 300/day which will be deducted from total contract value.

Penalty on delay in conduct of DR Cut-over (Quarterly basis)

Post initial go-live, the DR Cutover to be conducted within 90 days.

During the maintenance period, any changes, modifications, updations, upgradations, additions, deletions or any other decision taken by the bank at the monthly and quarterly review of our website should be complied by the bidder within 15 days of intimation from the bank, failing which, a penalty of 0.5% of monthly contract value (on monthly basis) will be deducted from the payment of subsequent quarter to the bidder.

Subsequently, if the bidder still not complies till the next monthly review meeting, then the penalty will be increased to 1% of monthly contract value. This penalty will be subject to an overall cap of 10% of the monthly contract value and thereafter, Bank has the discretion to cancel the contract.

ARYAVART BANK

4.5 Payment Schedule

Payment shall be made in Indian Rupees, as given below for end to end Migration, Revamping/ Redesigning, Development, Migration, Implementation and Maintenance of website as mentioned in the price schedule.

A. Website Migration, Revamping/ Redesigning, Development, Migration, Implementation and Maintenance Cost End to end Migration, Revamping/ Redesigning, Development, Migration, Implementation and Maintenance of Bank's Website (Hindi & English) (As specified in RFP scope and Price Bid format)

- 10% on Developed, Deployment, Implementation & Customization of proposed website in UAT
- 60% on successful go-live of project (all websites) and DR Setup implementation of all websites
- 30% on initial bug fixes and modifications required/occurred after the implementation of project and conduct of successful DR Cutover within 3 months.
- Separate Cost breakup for whole website development with post development monthly maintenance charge is required for calculation on monthly penalty in case of downtime during 1 year contract period. The Bank reserves the Right to defer payments stated above on unsatisfactory service, OR break up payments into multiple periods over the course of 12 month contract.(Monthly /Quarterly)

The above payment terms will also be applicable for Design/Development of New Website, UI/UX Revamp for entire setup.

B. Website Annual Technical Support (ATS) Cost (If ATS awarded after expiry of 1 year warranty period)

End to end maintenance i.e. Annual Technical Support (ATS) of Bank's Website and Price Bid format)

- i. The AMC/ATS charges shall be paid by the bank quarterly in arrear within forty-five (45) days(If AMC/ATS contract awarded by Bank after of 1 year warranty at Bank's discretion) from the date submission and acceptance of invoice, subject to submission of adequate and correct / undisputed supporting documents by the service provider as requested by the bank and after deducting the applicable penalty.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

- ii. The payment will be subjected to satisfactory services rendered and preventive maintenance carried out as per scheduled frequency, conduct of DR Cutover, submission of up-to-date site-map, quarterly audit and its compliance, conduct and compliance of VA/PT.

The invoice should be clear and with all supporting documents else the payment processing shall be delayed and the bank will not be responsible for any delay in non-payment beyond stipulated time to the bidder due to non-availability of supporting documents. The total support period will be five years (1 year warranty period plus 4 years maintenance).

C. Payment of AMC(If services continued beyond 1 year warranty period)

- i. Payment of annual maintenance will be paid to vendors on quarterly basis in arrears.

4.8 Termination for Default

The Bank, without prejudice to any other remedy for breach of Contract, by a written notice of default sent to the Service Provider, may terminate the Contract in whole or in part:

- (a) if the Service Provider fails to deliver any or all of the Products and Services, within the period(s) specified in the Contract, or within any extension thereof granted by the Bank;

OR

- (b) if the Service Provider fails, to perform any other obligation(s) under the Contract.

In the event the Bank terminates the Contract in whole or in part, it may procure, up on such terms and in such manner as it deems appropriate, Products and Services similar to those undelivered, and the Service Provider shall be liable to the Bank for any excess costs for such similar Products or Services. However, the Service Provider shall continue performance of the Contract to the extent not terminated.

4.7 Force Majeure

Notwithstanding the provisions of TCC, the Service Provider shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default if and to the extent

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

that it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

For purposes of this clause, "Force Majeure" means an event beyond the control of the Service Provider and not involving the Service Provider's fault or negligence and not foreseeable. Such events may include, but are not restricted to, acts of the Bank in its sovereign capacity, wars or revolutions, fires, floods and freight embargoes.

If a Force Majeure situation arises, the Service Provider shall promptly notify the Bank in writing of such condition and the cause thereof. Unless otherwise directed by the Bank in writing, the Service Provider shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

4.8 Termination for Insolvency

The Bank may, at any time, terminate the Contract by giving 30 days written notice to the Service Provider if the Service Provider becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the Service Provider, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the Bank.

4.9 Termination for Convenience

In addition to the right of the Bank to terminate the contract for the delayed/unsatisfactory/non-performance of the Vendor and/or for various reasons detailed above, the Bank shall also be entitled to terminate the Contract at any time for its convenience (like Budgetary Constraints, etc) by giving one month notice to the Vendor. It is hereby clarified that the termination for convenience shall be without any compensation to the Vendor and in case of termination for any reason, the Bank shall not be liable to pay any fee/consideration for the contract which is not performed. It is also clarified that the Vendor shall not be entitled to terminate the contract.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

In any situation which leads to termination of agreement prior to the expiry of the contract period, the bidder has to ensure to provide necessary co-operation for migration of entire setup (not limited to complete solution/ site and data) to the alternate vendor identified by the bank and bank team.

4.10 Resolution of Disputes

The Bank and the Vendor/Supplier shall make every effort to resolve amicably by direct informal negotiation, any disagreement or dispute arising between them under or in connection with the Contract.

- a) If, the Bank and the Vendor/Supplier have been unable to resolve amicably a Contract dispute even within 30 days, either party may require that the dispute be referred for resolution to the formal mechanisms specified herein below. These mechanisms may include, but are not restricted to, conciliation mediated by a third party and/or adjudication in an agreed national forum.
- b) The dispute resolution mechanism to be applied shall be as follows:
 - i. In case of Dispute or difference arising between the Bank and the Vendor/Supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be settled in accordance with the Arbitration and Conciliation Act, 1996 by a sole Arbitrator appointed by the parties by mutual agreement;
 - ii. Arbitration/Legal proceedings shall be held at Lucknow, and the language of the arbitration proceedings and that of all documents and communications between the parties shall be English;
- c) The decision of arbitrator shall be final and binding upon both parties. The cost and expenses of Arbitration proceedings will be paid as determined by the arbitral tribunal. However, the expenses incurred by each party in connection with the preparation, presentation, etc., of its proceedings as also the fees and expenses paid to the arbitrator appointed by such party or on its behalf shall be borne by each party itself; and If the Parties fails to reach mutual consensus identifying an Arbitrator, the Parties shall be free to approach the competent court of law for adjudication of the dispute.

RFP for Revamping/Redesigning,

Aryavart Bank's Website

ARYAVART BANK

PART 5: TECHNICAL/FUNCTIONAL SPECIFICATIONS (T&FS)

The bidder shall submit a datasheet for complying the scope of work and related technical /functional specifications as supporting document for proving/establishing the compliance confirmed on every point.

The bidder shall also extend additional features as per regulatory and security compliance if any, which is mandatorily required to run the solution in the big enterprise level environment, without any additional cost to the bank.

5.1 Technical/Functional Specifications of the Solutions

Technical and Functional Specifications

1. Prepare user, design & technical manuals and other documents for the developed website in an easy to understand and user friendly language with proper diagram, screen-shots and charts where ever required.
2. The design should organize business logic and presentation logic separately while developing and implementing the proposed system. Thus, restricting the database queries to be inserted inside the presentation and business logic, rather, it should be written in the database only.
3. Design to be attractive, latest technology based and should facilitate availability of information with minimum clicks with logical and intuitive flow.
4. Website should be mobile, tablet and similar device compatible (mobile first strategy to be adopted). All major browser and platform support.
5. The sites should be fully optimized. Attention to details, well written code and optimized icons and images.
6. Images should be used intelligently on home page and in all main sections. Images used should be of high resolution and there should be no copyright issue currently or in future. Icons used should be attractive and self-explanatory. Image should be SEO optimized to maintain site speed.

RFP for Revamping/Redesigning, Hosting and Maintenance of Aryavart Bank's Website	ARYAVART BANK
---	---------------

7. Parallax Effect & Video Background should be done aesthetically to give a smooth transition, easy on eyes and can include videos, put text, images, buttons or other graphical elements for a great looking sections
8. Images and contents should be adaptive and responsive to all formats, browsers, devices, operating systems, screen sizes, resolutions, etc.
9. Standardized use of design elements so that user can identify content items with ease. For example, call to action (CTAs) should be of some standard color and style as approved instead of using different styled CTAs on different pages.

Hosting Specifications:

1. The bidder should comply Data Localization guidelines as issued by GOI, RBI and other authorities.
2. The Vendor Infrastructure used for hosting Bank's setup shall be certified with ISO27001 certification on an ongoing basis. The relevant evidences shall be shared with the bank yearly.
3. As per vendor risk management program of the Bank, relevant compliance evidences shall be shared by the vendor with Bank for processes like Patching, VA/PT, User access review, application security testing, SCD , DR Drill & fail over testing, CSITE advisory compliances, Awareness trainings etc

Data Ownership

The ownership of the data shall always reside with the Bank. The Bidder will only act as a custodian of Bank's data. No part of the Bank's data shall be used by the Bidder for any purposes including but not limited to marketing and data mining. Aryavart Bank will have copyright on all content and media hosted in the website.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

Data Privacy and Data Protection:

1. The Bidder shall ensure that the data is protected and appropriate policies and controls are put in place to provide data privacy and protection. The bidder shall adhere to all laws pertaining to data privacy and protection that are applicable as per the Banking Guidelines in India and in overseas countries. The bidder shall also ensure that necessary
2. enhancements are made to the services provided whenever there are changes sought either by the regulators or Government of India and overseas countries.
2. The bidder shall notify the Bank of legal requests from Governments or Authorities for the Bank's data and insist that correct legal processes are being followed in providing the data.
3. The Bank shall be notified of any cyber forensic investigation that is being carried out in the area that also hosts the Bank's data and applications.
4. In case of any breach service provider should notify bank immediately.
5. Bidder shall not allow any audit activities of the Bank's infrastructure on the cloud without getting the written permission from the bank.

Data Management and Availability

1. Data Availability is one of the prime concerns of mission and safety critical organizations like Banks.
2. The bidder needs to ensure that Bank is provided with service around the clock.
3. Manage data isolation in a multi-tenant environment.
4. The bidder should provide tools and mechanism to the Bank for defining their backup requirements & policy.
5. Transfer data back in-house either on demand or in case of contract or order termination for any reason.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

6. Provide and implement security mechanisms for handling data at rest and in transit's shall not delete any data at the end of the agreement (for a maximum of 90 days beyond the expiry of agreement) without the express approval of the Bank.

Data Security

1. Data should be encrypted and stored in Securely. Data security shall be further enhanced by implementing firewall to isolate confidential information. Secure network protocol shall be used when connecting to a secured information store.
2. Compromising data by deletion of records without backup of original content, unlinking a record from a larger context, loss of encoding key and access to sensitive organizational data, pose a definite threat to the users. Proper data protection techniques shall be used and all legal laws are adhered to by the bidder.
3. The bidder shall work with the Bank to ensure that Security guidelines issued by industry bodies like IBA, IDRBT, DSCI, CERT-Fin, RBI etc. are adhered to.
4. The encryption algorithm for storing critical and sensitive data may be AES 256 in CBC mode or equivalent. Secure destruction by secure wipe routines and checking successful execution of erasure of file/data shall be ensured as detailed above.
5. User Access Review report to be submitted quarterly.

Data Accessibility

1. Data privacy should be assured by the bidder.
2. There should be 2FA implementation for accessing data/servers by the Bidder, Bank Official
3. Apart from sharing of data to Bank as per the Bank requirements. Bidder needs to share the complete data to the Bank on quarterly basis
4. Bidder has to ensure that all data has been stored properly. Data of the whole contract period should be available with the Bidder for onward submission to the bank based on the requirement / request. Data can be archived after two years but should not be deleted during the contract period.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

5. All the data must be shared with the Bank (entire contract period data), in case Bank is moving to some other Service provider. Bidder can delete the data only after Bank's confirmation

Right to Audit

1. The Bank as well as the regulator shall have the right to inspect and audit the cloud services being provided to the Bank. The bidder shall ensure that appropriate changes are done as recommended by the regulators, if any. Periodical physical audit reports shall be submitted by the bidder to Bank for better Monitoring.
2. Rights to audit the bidders compliance with the agreement including rights of access to the provider's premises where relevant records and Banks data is being stored.
3. Rights for the bank to ask for the Roles and Responsibilities chart from the bidder.
4. Rights for the Bank to participate in the external audit of the bidder.

Backup and Disaster Recovery

1. Vendor should have the DR setup for the website available in India, the DR server hosting Bank's website must be deployed on a tier-III data centre in a different seismic zone other than that of primary server in India.
2. Back-up of the site is to be provided to the bank at monthly/quarterly basis, if decided by the bank.
3. Bank also requires a disaster recovery and business continuity plan for the website.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

4. Reports/Logs to monitor the "down time" of the website should be provided and made available at any time.
5. In addition to the Primary DC, the bidder is responsible for Disaster Recovery Services so as to ensure continuity of operations in the event of failure of primary data centre and meet the RPO and RTO requirements. RPO should be less than or equal to 2 hours and RTO shall be less than or equal to 4 hours. The key transaction data shall have RPO of 15 minutes. However, during the change from DC to DRC or vice-versa (regular planned changes), there should not be any data loss. There shall be asynchronous replication of data between Primary DC and DR and the Bidder will be responsible for sizing and providing the DC-DR replication link so as to meet the RTO and the RPO requirements
6. The bidder should offer dashboard to monitor RPO and RTO of application and database.
7. Bidder should ensure Disaster Recovery set up and switch to DR setup in case of disaster within the agreed RPO and RTO limits. Any offering that does not replicate the data and application infrastructure across multiple sites is vulnerable to a total failure. CSP/ bidder in defining the modalities and frequency of disaster recovery drills as applicable
8. In the event of a site failover or switchover, DR site will take over the active role, and all requests will be routed through that site. Application data and application states will be replicated between data centers so that when an outage occurs, failover to the surviving data center can be accomplished within the specified RTO. This is the period during which the Compute environment for the application shall be equivalent to DC. The installed application instance and the database shall be usable and the same SLAs as DC shall be provided.
9. The use of this Full Compute DR environment can be for specific periods during a year for the purposes of DC failure or DR Drills or DC maintenance. The Database and storage shall be of full capacity and the licenses and security shall be for full infrastructure. The bandwidth at the DR shall be scaled to the level of Data center. Users of application should be routed seamlessly from DC site to DR site. The bidder shall conduct DR drill as and when requested by the Bank for the duration specified by the Bank wherein the Primary DC has to be deactivated and complete operations shall be carried out from the DR Site. However, during the change from DC to DRC or vice-versa (regular planned changes), there should not be any data loss.
10. It has to be ensured that all functionalities as available in DC site will be available from DR site.

RFP for Revamping/Redesigning,
Hosting and Maintenance of
Aryavart Bank's Website

ARYAVART BANK

11.The Bidder should offer dashboard to monitor RPO and RTO of each application and database. The bidder shall clearly define the procedure for announcing DR based on the proposed DR solution. The bidder shall also clearly specify the situations in which disaster shall be announced along with the implications of disaster and the time frame required for migrating to DR. The bidder shall plan all the activities to be carried out during the Disaster Drill and issue a notice to the Bank at least two weeks before such drill.

Shalimar Titanium Building, Gomti Nagar
Aryavart Bank, Head Office, Lucknow-226010

Sir,

Having examined the Bidding Documents, the receipt of which is hereby duly acknowledged, we, the undersigned, offer to Aryavart Bank Website Solution, in conformity with the said Bidding documents.

We undertake, if our Bid is accepted, to deliver, install and commission the Solution in accordance with the delivery schedule specified in the Schedule of Requirements.

If our Bid is accepted, we will obtain the guarantee of a bank in a sum equivalent to 3 percent of the Contract Price for the due performance of the Contract, in the form prescribed by the Bank. (GOI Memorandum dated 12 Nov 2020-No.F.9/4/2022-PPD)

We agree to abide by the Bid and the rates quoted therein for the orders awarded by the Bank up to the period prescribed in the Bid, which shall remain binding upon us.

Until a formal contract is prepared and executed, this Bid, together with your written acceptance thereof and your notification of award, shall constitute a binding Contract between us.

We undertake that, in competing for (and, if the award is made to us, in executing) the above contract, we will strictly observe the laws against fraud and corruption in force in India namely "Prevention of Corruption Act 1988".

We understand that you are not bound to accept the lowest or any Bid you may receive.
