APPOINTMENT OF ARCHITECT

Sealed TENDERS of Consultancy Fee are invited from empanelled Architects for interior furnishing work and electrical works of new premises of branches to be opened as well as working branches.

The scope of work will be as per Bank's standard guidelines, which are detailed as under:

DUTIES / FUNCTIONS OF ARCHITECT

The Architect shall render the following services in connection with Bank's proposed Interior Furnishing and Electrical work: -

- a) Taking the employer's instructions, studying the requirements, visiting the site, preparing sketch designs which shall be in accordance with local governing codes / standards, regulations, etc. and also in line with the Guidelines of Bank's Uniform Furnishing Pattern (including carrying out necessary revisions till the sketch designs are finally approved by the employer), preparing cost estimates for Interior Decoration/furnishing work based on the prevailing market rates substantiated by rate analysis for major/unusual items. (Proposals for Interior Decoration/furnishing work shall be simple but elegant, consistent with functional and aesthetic requirements and shall avoid lavish and ostentatious expenditure), discussing with the employer for finalization of estimates and preparing report on the scheme to enable the employer to take a final decision on the sketch designs and estimates.
- b) Submitting a proper programme chart incorporating all the activities required for the completion of the proposed work well in time i.e. preparation of detailed working drawings, structural drawings, calling tenders, etc. The programme should also include various stages of services to be done by the Architects in co-ordination with the Bank.
- c) Preparing detailed layout drawings for furniture, cabins, electrical installations, telephone installations, fire detection system installation, security systems, etc. and preparing detailed estimates and all such other particulars as may be necessary for preparation of bill of quantities.
- d) Preparing pre-qualification documents.
- e) Preparing detailed tender documents for various trades and specialist services, etc. complete with articles of agreement, special conditions, conditions of contract, specifications, bill of quantities including detailed analysis of rates based on market rates, time and progress charts, etc.
- f) Inviting tenders for all trades and submitting assessment reports thereon, together with recommendations specifying abnormally high and low rated items. Preparing contract documents for all trades and getting them executed by the concerned contractors. (All commercial conditions shall be evaluated in financial terms instead of merely saying whether a condition may be accepted or not. When conditions are not susceptible to evaluation, the alternative procedure of calling all the tenderers for negotiation and asking them to submit a final bid based on the terms and conditions acceptable to the Employer may be adopted).

- g) Preparing such further details and drawings as are necessary for proper execution of the work.
- h) Assuming full responsibility for supervision and proper execution of all work by general and specialist contractors who are engaged from time to time including control over quantities and during the execution to restrict variation, if any, to the minim
- i) Checking measurements of work at site. Checking Contractor's bills, issuing periodical certificates for payments, and passing and certifying accounts, so as to enable the employer to make payments to the Contractors and adjustments of all accounts between the Contractors and the employer. Architect shall assume full responsibility for all measurements certified by them. A recommended certification proforma for the purpose is given below:

<p>Certified that the various items of work claimed in thisrunning bill/ final bill by the Contractors have been completed to the extent claimed and at appropriate rates and that the items are in accordance with and fully confirming to the standard / prescribed specifications and hence the bill is recommended for payment of Rs.....</p> <p>(Rupees.....)</p> <p>Date: Signature of Architect</p>	
---	--

- j) The Architect shall be wholly and solely responsible for the successful completion of the work in all respects consistent with safety and structural stability from the inception upto the handing over for occupation to the employer. Architect shall also be responsible for those defects/matters which may come at a later stage, if Bank suffers any pecuniary loss/ damage due to negligence / oversightness of the architect, Bank will have full right to recover the lost amount from the architect.
- k) The Architect shall assist the Bank in all arbitration proceedings between the contractors and the employer and also defend the Employer in such proceedings.
- l) Any other services connected with the work usually and normally rendered by the Architect, but not referred to herein above.
